

CMA CGM P3 NETWORK

New 2014 CMA CGM
East - West services

CMA CGM is pleased to disclose the much-awaited P3 network details.

This unique set up will provide CMA CGM customers with the most comprehensive network to be operated on the three main East West Trades:

- › 13 weekly services on the Asia > Europe and Asia > Mediterranean trades
- › 9 weekly services on the Transpacific trade both towards US West Coast and US East Coast
- › 5 weekly services on the Transatlantic trades of which three from North Europe and two from the Med

All these services have been carefully designed to offer:

- › High frequency to and from the high-volumes ports
- › A maximum number of markets covered with direct services including Japan and Sri Lanka in Asia and Sweden and Poland in Europe
- › A great combination of port pairs with the best transit times in the market
- › The best schedule reliability in the market to ensure on-time delivery of goods

CMA CGM will market these services independently and will also deploy its own network of dedicated feeders services to all destinations not served on a direct basis.

Customer service and eBusiness propositions will be reinforced to allow customers to benefit from an easy access to these new products.

CMA CGM staff in our 650 offices worldwide will be available to explain personally the benefits of these services.

New 2014 CMA CGM EAST WEST Services

Target starting date May 2014

- 3 Main trades
- 27 Fixed-day weekly loops
- 240 Vessels
- 2,6 Million TEU capacity
